# Consumption of energy and water in our school

Meeting in PARMA, ITALY, May 2014

# water and heat consumption

# electricity consumption

	<b>January</b>	<b>February</b>	<b>March</b>	<b>April</b>
Water/ m3	7703	7808	7938	8069
Heat/ GJ	8929,11	9265,10	9579,26	9770,02
Electricity/ kWh	111537	114460	117372	120197

\*increasing amount of consumption of energy – rising number of students since February 2014 (about 200 new students moved to our buildings)

our campaign  
how to lower  
energy  
consumption

No water no  
life! Water is its  
base.

**Bez vody niet života!  
Je jeho základom.**

**„Vode bola daná  
čarovná moc byť  
miazgou života  
na Zemi“**

**Preto  
si ju  
chráňme  
!!!!**

„Water has been  
given a magical  
power to be a  
source of life on  
Earth“

So  
protect  
it !!!!

Saving  
energy  
gives a  
sense!

Šetriť má zmysel!

**SAVE**

**WATER!**

I've also  
got „OFF“  
function!

Aj funkciu  
OFF mám !

Plenty of  
water doesn't  
mean cleaner  
hands !

ačším prúdom  
nebudeš mať  
čistejšie ruky !

# Our Survey

- 1) Have you noticed our school campaign for saving energy? What do you think about it?
- 2) Are you trying to keep it?
- 3) Do you think it will lower school energy consumption in our school?

Thank you for your attention!
